United States District Judge

**ATTACHMENT A**

The Court finds that the guilty plea hearing to be held on September 16, 2021, cannot be further delayed without serious harm to the interests of justice, for the following reasons:

1. To ensure that the Court is not overwhelmed by cases and proceedings at the conclusion of this period of emergency. Currently, District Judges in New Jersey handle a substantially larger docket of cases than Judges in other Districts in the United States. New criminal cases continue to be assigned by the Court during the emergency. If the Court cannot resolve matters now by guilty plea, the resulting backlog will overwhelm the Court's ability to function effectively. The concern of such congestion and the particular harm that likely will be caused by delays in the processing of cases and matters in the future is particularly acute in this emergency, at least given that: (1) it is unknown when this emergency will subside and when the Court will be able to function at normal capacity; and (2) this District's pre-existing shortage of District Court Judges which already has challenged the Court's ability to process and resolve cases. This District currently has four District Judge vacancies, all of which have been pending for more than a year. The Federal Judicial Conference has deemed the District's vacancies judicial emergencies.
2. To permit defendant JANEL BLACKMAN to obtain a speedy resolution of her case through an admission of guilt, and to make amends to any victims through an admission of responsibility and restitution. Defendant BLACKMAN has asked for this case to be resolved today by guilty plea.
3. To permit the victims of this offense, namely, the postal customers whose mail was stolen and certain financial institutions, the ability to obtain a speedy determination of guilt/responsibility for the harm caused to them by the offender and her co-conspirators and to obtain restitution in an amount to be determined at sentencing.
4. To permit the Government to obtain a resolution of the case so that the Government, already operating in a restricted capacity due to the emergency, may appropriately focus its resources on other, emerging criminal matters. The Government has asked for this case to be resolved today by guilty plea.
